DR. HUNT'S CELEBRATED PILLS,
FOR
CONSUMPTION, DYSPESIA, AND LIVER COMPLAINT, &c.

The enjoyment of health depends on preserving the functions of the Stomach, Liver, Intestines and Lungs, in a healthy and vigorous state, through the operations of which the body receives its growth, its nutrition, its support, it can no longer be astonishing that when these viscera are deranged, and cannot perform their proper functions, the whole system suffers and becomes disordered. "Knowing this to be a sound and demonstrated fact, in science and experience, Doctor Hunt's System of Practice is in unflinching accordance with it. He aims to keep the Stomach, Lungs and the Liver, in vigorous and healthy action, as the three great fountains of health and life. For this purpose his pills are compounded of herbs, which strengthen and equalize the action of the heart, and give an impulse to the arterial system, at the same time quicken the action of the venous and discharging vessels; and as all the secretions are drawn from the blood, any morbid action which may have taken place is removed, all obstructions are overcome, the blood is purified, and the body assumes a healthy state. These pills give tone to the stomach, increase the appetite, and eminently enjoy acid or morbid matter through the excretory ducts into the passage of the bowels. In all cases of Consumption, Indigestion or Dyspepsia, Bilious Affections, or Liver Complaints, Heartburn, Sourness of the Stomach, Tightness across the Chest, Loss of Appetite, Sick Headache, Pain in the Head, Back, Limbs and Side, Flatulency, Typhus and Scarlet Fever, Putrid Sore Throat, Fever and Ague, or Intermittent Fever, Gout, Rheumatism, Lumbago, Sciatica, Spasmodic Affections, and the Rheumatic, Convulsions of Children, Small Pox, Hooping Cough, "Rickets," Teething, Worms, Female Obstructions, Chlorosis or Green Sickness, and Rejection of Food, and Constipation, Colic, whether flatulent or bilious, follow the DIRECTIONS.

Dose.—Take from three to ten pills, till they operate, two or three times daily. The use of the pills must be persevered in till a cure is effected.

INTERESTING AND APPLICABLE TO THE AFFLICTED

DISORDERS OF THE STOMACH, OR NERVOUS.
Such as DYSPESIA, either Chronic or casual, under the worst symptoms of restlessness, Irritability of the Nerves, General Emaciation, Constipation, whether of the Lungs or Liver; LIVER AFFECTIONS, JAUNDICE, both Bilious and Spasmodic; Constipation; Worms of every variety; Rheumatism, whether Acute or chronic together with GOUT, Sciatica, Pains in the Head, Back, Limbs and Side, Typhus Fever, Scarlet Fever, Putrid Sore Throat, Fever and Ague, Intermittent Fever, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysteria, The Douleur nerveuse Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or humid, and the Dry or the Whooping ASTHMA, Gravel and Dropsy.

The Blood has hitherto been considered by Physicians and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple prescription of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and vigour emanate, and vice versa, pain, sickness, disease and death. Not so with DR. HUNT whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasonable mind of the correctness of his views—that the stomach, liver and the associated organs are the primary and great regulators of health, and that the blood in very many instances is totally disconnected with the first and succeeding stages of disease, and that unless a medicine reaches the root of the disease, the superficial remedies usually prescribed, serve but as fogs to cover the ravages of deep-rooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing it, is with a firm conviction of its being a radical cure in the various diseases already enumerated, even in the most critical cases, but he does not pretend

Dyspepsia, both chronic and recent, under the worst symptoms, loss of spirits, oppression after eating, waterbrash, loss of appetite, general debility, and emaciation are soon removed by the use of the above PILLS. CONSUMPTION, that insidious destroyer of the human family, and its attendant train of horrors, greenish and bloody spittle, clammy night sweats, general emaciation, prostration of strength, all will be relieved by the timely administration of Dr. Hunt's Pills, and if taken according to directions, completely removed. In Liver Complaint, Jaundice, both bilious and spasmodic, their influence is truly remarkable. In all cases of Hypochondriacal Low Spirits, Palpitation of the Heart, Nervous Irritability, Nervous Weakness, Flur Albus, Seminal Weakness, Indigestion, Flatulency, Heartburn, Biliousness, Chlorosis or Green Sickness, Blatant or Hysterical Paintings, Hysteria, Head Ache, Sea Sickness, Nightmare, Gout, Rheumatism, Asthma, Tic Douloureux, Spasmodic Affections, Nausea, Vomiting, Pains in the Side, Limbs, Head, Stomach or Back, Dimness or Confusion of Sight, Noises in the Inside, alternate Flushings of Heat and Chillsiness, Tremors, Watchings, Agitation, Anxiety, Bad Dreams, Spasms, all may be completely removed by the use of the above Pills.

These Pills may be taken with the most perfect safety. Their beneficial influence has often been testified to from the bed of sickness, the pale, listless, debilitated, and emaciated victims of disease, and sent him forth again into the world, whole and active man.

DR. WILLIAM EVANS'S SMOOTHING SYRUP.
FOR CHILDREN TEETHING.

Prepared by himself.

To Mothers and Nurses.

The passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms of peculiar parts; the child is seized with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms would apply Dr. William Evans's Smoothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal-malady convulsions.

This infallible remedy has preserved hundreds of infants from death, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocuous, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and healing the gunstherly preventing Convulsions, Fevers, &c.

Entered according to Act of Congress, be particular that the table on the box expresses such. The genuine is vendible by Agents only.

A recent case of Piles cured at 100 Chatham street. Mr. Daniel Spinning of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Had recourse to medicines of almost every description, also the advice of several eminent Physicians, but never found the slightest relief from any source whatsoever until he called on Dr. Evans, of 100 Chatham street, New York, and procured some medicine from him, from which he found immediate relief, and subsequently a perfect cure.

Extract of a letter of Jonas Snyder, Post Master, Kewville, Pa., to Dr. William Evans. Among several cases, the following is found: An elderly lady, who had been 25 years afflicted with nervous-hypochondria, debility, &c. that for the last 3 years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health, which for the last ten years has not enjoyed.

Another recent test of the unrivaled virtue of Dr. Wm. Evans' Medicine—LYSPESIA, TEN YEARS STANDING.—S. J. McKENZIE, 176 Stanton street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were.—A sense of distention and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emaciation, depression of spirits, disordered rest, sometimes a bilious vomiting, and pain in the right side, an extreme degree of languor and faintness; any endeavor to pursue his business causing immediate exhaustion and weakness.

Mr. McKenzie is daily attending to his business, and none of the above symptoms have returned since he used the medicine. He is now a strong and healthy man. He resorted to many of the remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

The above Medicine can be procured of all Dr. Wm. Evans' advertised agents in the United States, and throughout the World.

Dr. Evans, in order to prevent the patrons of his Medicines being imposed upon by counterfeiters, has had the labels of all his medicines entered according to act of Congress. He requests them therefore, to be particular in seeing that the labels contain the following notice: "Entered according to act of Congress by W. Evans, in the year 1832, in the Clerk's Office of the Southern District Court of New York."

CERTIFICATES.

Letter from the Hon. Abraham M'Clellan, Sullivan County, East Tennessee, Member of Congress.

Washington, July 24, 1838.

Sir—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. G. Wilson, of Campbell county, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is valuable. Mr. Johnson, your agent at this place, thinks you would probably like to see him in Tennessee. If so, I would recommend Dr. A. G. Wilson as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Knoxville, East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like to send an agent at Blountville, Sullivan county (East Tenn.) I can get some of the merchants to act for you, as I live near there.

ABRAHAM M'CLELLAN, of Tenn.

To Dr. Wm. Evans, 100 Chatham at N. Y.

ABRAHAM J. CREMER, residing at 66 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, furred tongue, nausea, with restlessness. These had continued upwards of twelve months, when consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his over successful and agreeable mode of treatment, the patient was completely restored to health in the short space of seven months, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.

Dr. Wm. Evans' Medical Office, 100 Chatham street, New York.

THE FOLLOWING CERTIFICATE was handed to me by Mr. Van Schick, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted:

Mr. Stephen Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during that time three years of his illness was confined to the house. His symptoms were distressing, pain in the head and side, palpitation of the heart, want of appetite &c. After expending during his confinement, nearly three hundred dollars without obtaining any permanent relief, he by accident noticed an advertisement of Dr. Wm. Evans, Camomile and Aperient Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out in four months he could attend to business, and considered his disease entirely removed. The above information was given to the subscriber by Mr. Kendall himself; there can, therefore be no deception.

STEPHEN VAN-SGHAIK.

Another very severe of Inflammatory Rheumatism cured by Dr. Wm. Evans' Medicine.—Mr. John A. Carroll, of the county of Westchester, town of North Castle, New York, had been severely afflicted with inflammatory rheumatism for fourteen months with violent pains in his limbs, great heat, excessive thirst, dryness of skin, limbs much swollen, was not able without assistance to turn in bed for six weeks. Had tried various remedies to no effect. Was advised by a friend of his to procure some of Dr. Wm. Evans' medicine of 100 Chatham street, New York, which he immediately sent for, and after taking the first dose found great relief, and in continuing its use according to the directions for ten days, was perfectly cured. Allow me to refer any person to him for the truth of the above statement.

PROSPECTUS OF THE Ohio Democrat AND DOVER ADVERTISER.

Assured that, in adopting the measure, we are but meeting the obvious wants of the community, the subscribers will offer to the approbation and support of their fellow citizens a weekly newspaper to be published in the town of Canal Dover, Ohio, bearing the name of the "Ohio Democrat and Dover Advertiser". Although the limits of a Prospectus do not admit of extended explanations and minute details in regard to this enterprise, somewhat of our principles and purposes will be properly demanded by the public, and as far as is fitting to the occasion, we proceed briefly to develop them.

The political columns of our paper will be found, therefore, to expose the doctrines of a strict construction of the Federal Constitution, will advocate the principles of the present Administration, and will maintain the doctrines of the Demo Party in that political reform which has been so repeatedly indicated by the general suffrage. As conductors of a public Journal whose object is the diffusion of light and knowledge, our columns will be open to full and free discussion on all matters that interest the Public.

We shall be equally gratified if we may be instrumental in refuting the opinions of those who differ from us, or if wrong ourselves, that our errors be corrected. We earnestly desire to establish an INDEPENDENT and FREE PRESS, in the liberal sense of the term. Not so independent, as it may be above patronage and reckless of opinion, not free as its conductors may publish what they please and without regard to what they please—but so independent that it shall inculcate truth, and so free that it shall be accessible to the efforts of all who honestly seek the enlightenment of the public mind, and the common good of our common country.

A portion of the paper will be devoted to the improvement of Agriculture, and the lovers of Literature shall have spread before them many of the most interesting selections. Together with the most interesting portions of Foreign and Domestic news, we will give a weekly report of the Market Prices, and desire to make our paper profitable, to the whole community through which it may circulate.

Terms of Publication.—The "Democrat and Advertiser" will be published weekly at \$2.00 per annum, if not paid within six Months, after the first number is published, and \$2.50 at the end of the year.

THE OHIO STATESMAN. SESSION PAPER.

According to custom, we again present to the people of Ohio our prospectus for a paper during the session of the Legislature. Many persons who do not find it convenient to subscribe for a paper printed at this place for a whole year, do so during the sitting of the Legislature, being desirous of seeing what is done by those in whose keeping they have entrusted the affairs of the State. To accommodate this just desire in the people to be thoroughly acquainted with every thing pertaining to their happiness and welfare, we have in this prospectus extended facilities and more beyond what has been customary. We shall issue during the session of the Legislature a paper (free of advertisement) at fifty cents—a semi-weekly at one dollar—a tri-weekly at two dollars, and a daily at three dollars. By this arrangement we will be able to accommodate every portion of the State by all the mails, and we hope our friends will not be remiss in availing themselves of these means of information. It is all important that every freeman should be fully acquainted with every question touching the welfare of the State and action.

The approaching session of the Ohio Legislature will be a most important one. No previous one has ever had the same number of delicate and exciting questions to meet and act upon—questions which cannot be avoided, nor disposed of in a moment. Among these are our Internal Improvements, and the expenditures under them. The condition of our Banks, and the banking system under the second suspension. The apportionment of the State into Senatorial and Representative districts, and a more just and equitable taxation by a re-valuation of property will be discussed. All these questions have been confided by the overwhelming voice of intelligent freemen to the care and keeping of the democratic party, and it is important that that party should meet them in sober earnestness, and in that spirit of candor and patriotism which they will bring together, for the public good.

We shall also give such sketches of the doings of Congress as we conceive of immediate interest to the State, by the earliest aid of correspondents.

By the aid of a daily and tri-weekly paper, we shall be able to throw out the earliest eastern news, foreign and domestic, which we hope will not be overlooked by those desiring such information, and with the aid of a power-press, on a new and improved model, we expect to add greatly to the facility of preparing our papers for the mails, without the loss even of an hour. We ask only such support as corresponds with our exertions to make our paper useful to the public.

Terms of the session Paper.
Person receiving this paper will consider themselves agents—and for five subscribers one gratis will be sent. Weekly, Ohio Statesman, \$0 50. Semi-weekly, 1 00. Tri-weekly, 2 00. Daily, 3 00.

All payments must be in advance or reference to a member of the Legislature. S. & M. H. MEDARY. Columbus, 1839.

FASHIONABLE TAILORING.

JOSEPH W. NEWBURGH, would respectfully inform his old friends and the public in general, that he carries on the above business in all its various branches, one door East of J. I. Smith's Store, where he may at all times be found to attend to all work entrusted to him.
